

Mayer Carbonless Notebooks Make Life Easier

For the student who has enough challenges in life, take the challenge out of getting notes. Provide Mayer Carbonless Notebooks. They are convenient for both note takers and students who need assistance.

No more missing notes, messy carbons, or waiting at copy machines

Mayer Carbonless Notebooks provide a quick, clean and simple way to share notes. The quality of the duplicate sheet is as good as the original, and it tears out neatly, so notes can be handed over immediately.

Looks and feels like other Notebooks

Factor Carbonless into the Equation

Lays flat for easy writing since it has a plastic spiral binding

50 duplicate numbered sets of ruled 8 1/2" x 11" paper

Excellent quality copy, as good as the original and on white paper

Attached back cover flap folds between numbered sets of carbonless paper

Perforated second sheet tears out easily

Students get the notes right away - in class

Ordering is easy, too

I ♥ Mayer Carbonless Notebooks

WOW!

$x + 2a = ?$

"I did my homework and I highly recommend Mayer Carbonless Notebooks."

-- Jim Baker, Disabilities Specialist, Duke University

"I have found the Mayer Carbonless Notebooks invaluable for students who aren't skilled in note taking to effortlessly obtain notes from another student in class who has note taking ability. It eliminates the necessity for one student to borrow another student's notes and meets the time limitation needs."

-- Dianna Joachim Colmen

Assistive Technology Coordinator and Teacher Consultant
Lenawee Intermediate School District
